

Japan Open 2023 Corona measures

① Players and staff

·Please check your physical condition from 2 weeks before and fill out the attached list from 1 week before. You do not need to submit it, but you may be asked to present it in some cases, so please carry it with you at all times.

·If you have a temperature of 37.5 degrees or higher or one degree higher than normal before entering the venue, please take a PCR or antigen test 24 hours before entering the venue. If you test positive, you cannot participate. Please notify the secretariat your cancellation. If negative, no declaration is required.

·If you have a temperature of 37.5 degrees Celsius or higher, or one degree higher than your normal temperature after entering the venue, please do not move around and immediately notify the secretariat.

·Masks must be worn on the shuttle bus, in the opening ceremony, and in the medical (massage) room.

·Although it is up to the individual to decide whether to wear a mask, we recommend wearing a mask in a room with insufficient ventilation.

② Medical room (need to wear a mask) * 2 doctors are stationed

·Doctors, PTs and players must wear masks.

·Doctors and PTs wear disposable gloves.

③ Those who have a fever during the tournament

·Doctors wear disposable gloves, face shields, N95 masks, and protective clothing during examinations.

④ Alcohol for hand disinfection is installed at some points in the venue.
